

BEHAVIORDATA, INC.
MMPI-2™ and CPI™ PRICE LIST

Phone: 1-800-627-2673 Email: bdi@behaviordat.com Fax: (408)342-0617

Behaviordata can provide any of the listed report types from either *The Minnesota Multiphasic Personality Inventory (MMPI-2™)*, the *California Psychological Inventory (CPI™)*, or the *CPI-462™*.

	<i>Individual Price</i>
Report 0: Profile and Data Page	\$20.00
A report designed primarily for the professional who prefers to interpret the inventory results himself or herself. Instead of a narrative, it contains inventory profiles, data page, and a list of item responses. Available with Report 0 are the Self Report and Research Option.	
Report 1: Personnel Report	\$35.00
Designed for use by industrial psychologists and personnel counselors. Contains critical items and relevant non-clinical personality information, and emphasizes the "World of Work" section of the narrative.	
Report 2: Counselor's Report	\$35.00
Designed for use by marriage, pastoral, rehabilitation, vocational, and school counselors. Includes statements about the person's strengths and weaknesses as they affect coping behavior and his or her potential for counseling. Includes the "World of Work" section.	
Report 3: Violence & Risk Assessment Report	\$35.00
Designed for use by correctional counselors, including probation and parole officers and caseworkers in correctional institutions. A useful source of information before sentencing, in diversion programs, and to determine the potential for rehabilitation and the advisability of parole. This report addresses this issues of potential risk of violence or re-offending.	
Report 5: Physician's Clinical Report	\$45.00
Contains personality and pathology information relevant to physical functioning. Included are substance abuse potential, demandingness, somatization/hypochondriacal trends, diagnostic impression(s), and potential treatment modalities. Available only to licensed professionals.	
Report 6: Diagnostic Clinical Report	\$45.00
Designed as a psychodiagnostic aid. Used by hospitals and clinics for admission purposes. Contains relevant personality and pathology information and includes the "Diagnostic Impression" section of the narrative. Available only to licensed professionals.	
Report 7: Comprehensive Clinical Report	\$56.00
Behaviordata's most detailed report, designed for a thorough analysis of both personality and pathology. Includes fully-developed and indexed suggested DSM diagnoses. Available only to licensed professionals.	
Brief Form of Standard Reports (shortened versions of the basic reports)	
Brief Form of Reports 1-6	\$30.00
Brief Form of Report 7	\$45.00
Self Report (available with any of the above reports)	\$15.00
A special report designed to be read by the client who has completed the Inventory. The narrative is written in the second person, using non-technical language. It includes some personality information and the "World of Work" narrative. This report is unique to the Behaviordata system. It is designed to provide the client with insightful information about himself or herself. This report can be a valuable resource for clinical assessment and or treatment.	

Behaviordata, Inc. MMPI-2™ and CPI™ Price List (continued)

Differential Report

\$22.00

Designed for program evaluations, clinical research, and evaluation of longitudinal changes in personality and pathology. A non-narrative report, used when an MMPI-2™ or a CPI™ is given to a person on two or more occasions. Lists all Behaviordata scales, factors, and special scores. The two sets of scores are listed along with the amount and direction of difference between the two administrations. When the scores differ by more than one standard deviation, they are flagged with an indicator of the significance of difference. Requires two administrations to the same person.

AVAILABLE OPTIONS

These may be added to any report listed above for an additional fee.

- Research Option (RO) – adds scale scores, profile, other numeric data \$5.00
- Critical Items (CI) – lists item responses that are unusual or noteworthy \$5.00
- Penal/Correctional (P/C) – additional information useful in forensic cases \$3.00
- VRIN/TRIN and New Pearson-NCS Scales
